

Graduate Certificate **PROJECT MANAGEMENT**

ABOUT THIS PROGRAM

Keller's Project Management graduate certificate program helps students develop the knowledge and skills needed to create effective project plans that incorporate risk analysis, cost control and performance objectives. Coursework helps students understand how to plan, budget and control multi-project programs that may involve legal and ethical issues.

The certificate can be earned as a standalone credential, credits from which are transferrable to the Project Management concentration in the Master in Business Administration program or the Master in Project Management program.

KNOWLEDGE AND SKILLS

PROJECT PLANNING — Synthesize best practices and processes such as initiation, planning, execution, monitoring, and control and closure on enterprise wide projects in a corporate environment.

PROJECT MANAGEMENT TOOLS — Integrate project management tools to ensure projects are completed on time, on budget and within scope.

PROJECT COST AND SCHEDULE MANAGEMENT — Analyze organizational strategies, goals, and procurement techniques to ensure quality, cost and schedule measures are satisfied.

RISK MANAGEMENT — Apply various project management processes such as human resource management, communication management and risk management to effectively manage projects.
