

Today, business is changing, evolving, sometimes transforming at breakneck speed. If a workforce can't keep up, an organization can fall behind—FAST.

DeVryWORKS Skills Gap Training & Services

TAILORED UNIVERSITY-DRIVEN CURRICULUM

Empowers employees to self-innovate and thrive; can help organizations build a better, more agile workforce.

Broad collection of DeVry University courses, enhanced and customized for a workforce to benefit from the information and learning experience.

Academic rigor, delivered in a dynamic, concentrated, e-learning format.

Self-assessments and feedback developed against university standards.

FROM HERE TO BETTER

► **High Costs of Skills Gaps**
Poor time management and ineffective communication skills can cost an organization:¹

- Project delays
- Poor client relations
- Increased contract costs
- Decreased profits

SHORT, FOCUSED, STACKABLE TRAINING

Fast and nimble modular learning offerings—move from one pathway to another, quickly and easily.

Online self-paced, live or online instructor-led, and blended learning module options.

Students may be able to combine and stack modules for **qualifying credit toward a degree program**.

INDUSTRY-RELEVANT COMPETENCIES VIA CUSTOMIZED LEARNING PATHWAYS

Flexible development pathways enable targeted skill sets.

LASER-FOCUSED LEARNING SOLUTIONS

- **Areas of deficiency** pinpointed in specific segments of the workforce
- **Tailored corporate training based on business needs**
 - Critical workforce competencies mapped together for targeted skills development
- **Training can be immediately applicable**

87% of workers believe they need to get training and develop new job skills to keep up with changes in the workplace.²
