

# BACHELOR'S IN HEALTHCARE ADMINISTRATION

## KNOW BEFORE YOU GO FACT SHEET

### WHAT WILL I LEARN AND EXPERIENCE IN MY STUDIES?

The knowledge and skills you will receive include: Health Services Management, Health Services Information Systems, Health Rights and Responsibilities, Health Services Finance, Healthcare Policy, and Business Intelligence and Data Analysis.

As part of your graduation requirements, you will be required to work with other students to complete a senior project focused on developing real-life solutions to business challenges.

On-site students will be required to take some courses on-line. 2016-2017 on-site program graduates took 65% of their courses on-line.

### WHAT SERVICES WILL I RECEIVE?

Services available to all students include:

Student Support Advisors help you plan your coursework and develop a financial plan to pay for your education.

Counseling, legal and financial planning services through the ASPIRE Student Assistance Program.

Career Services will guide you through the career search process as you approach graduation.

Important information about the educational debt, earnings, and completion rates of students who attended DeVry can be found at: <https://www.devry.edu/degree-programs/ge/healthcare-administration-consumer-info.html>

### PROGRAM COSTS AND STUDENT LOANS

Total program costs for a student with no transfer credits is \$66,812.

Median tuition, books and fees paid by graduates who entered the program in the 2012-13 school year was \$65,060.

Median student loan debt of graduates who entered the program in the 2012-13 school year was \$40,730.

### EARNINGS OUTCOMES

The median earnings of former DeVry University students who received federal student aid was \$46,100 10 years after entering DeVry University, whether they completed or not.

The median earnings of all former U.S. college students who received federal student aid was \$34,300 10 years after entering college, whether they completed or not.

### COMPLETION RATES

DeVry University's completion rate for first-time full-time students is 26%.

36% of all new full-time students entering the institution, including students who attended another college before DeVry University, graduated.

National completion rate for first-time full-time students at all U.S. schools is 42%.

### LOAN DEFAULT RATES

16.60% of students who last attended the DeVry University Healthcare Administration program and received student loans and entered repayment in the year ending 9/30/2014 defaulted on their student loans.

12.50% of students who attended DeVry University and received federal student loans and entered repayment in the year ending 9/30/2014 defaulted on their student loans.

9.00% of students who attended any 4-year U.S. college and received federal student loans who entered repayment in the year ending 9/30/2014 defaulted on their student loans.

For Information above, dark blue text applies to students in the program, blue text applies to all DeVry University students, and black text applies to all college students in the U.S.

See reverse for more information regarding the source of the above information.

## IMPORTANT INFORMATION ABOUT THE KNOW BEFORE YOU GO FACT SHEET:

**How relevant is this information to me?** The Know Before You Go Fact Sheet provides information about DeVry University and its Healthcare Administration program and information about U.S. colleges as a whole. Certain information, such as earnings outcomes, can be different depending on where you plan to live and your individual situation and experience. The Fact Sheet information is intended to help you compare some information about DeVry University and its Healthcare Administration program to other colleges as you think about your choices.

### INFORMATION SOURCES

**Total Program Costs:** This is the total tuition, fees and average estimated textbook and equipment expense at the current tuition rate for a student attending full time who completes the minimum credit hours required for graduation. There may be a slight difference between minimum credit hours required for graduation and total credit hours required if all courses are taken at DeVry. Credit hour differences may benefit students with qualifying transfer credit.

**Median tuition, books and fees paid** is the median amount paid to DeVry University by students using Title IV aid who graduated from this program within the normal program length who started in the 2012-13 academic year. This amount is different than the Total Program Costs and may be different for each student because students may transfer credits from other colleges, repeat courses that are not passed the first time or choose the Healthcare Administration program after first choosing other programs at DeVry University.

**Median student loan debt** is the median total debt (federal, private and institutional loans) of students using Title IV aid who completed this program within the normal program length who started in the 2012-13 academic year.

**The median earnings 10 years after entering** college (DeVry University or all U.S. Colleges) is calculated or compiled and reported by the U. S. Department of Education. Numbers reflect the CY2013 and CY2014 earnings (inflation-adjusted to 2016 dollars) for students entering the school in 2002-2003 and

2003-2004. The amount is the median earnings of students who are working and not enrolled 10 years after entry. **THIS DOCUMENT DOES NOT GUARANTEE EMPLOYMENT OR A CERTAIN SALARY RANGE.**

**Completion rate for first-time, full-time** students (for both DeVry University and all U. S. Colleges) is the U. S. Department of Education's measure of the percentage of students who are new to college and entered full-time who complete the program within 150% of program length (for a bachelor's degree program, normal time is usually 4 years, and 150% of normal time is 6 years). The national average for all U.S. colleges is provided by the U. S. Department of Education as part of the College Scorecard available at <https://collegescorecard.ed.gov/>.

**Completion rate for all new full-time** DeVry University students is defined similarly to the "first-time, full-time" completion rate above except it includes those who previously attended another institution. DeVry University calculates this measure based on DeVry University data for the program.

**The Loan Default Rate for the Program** is calculated by the institution and is based on the program of study for which the student was last enrolled before entering repayment. The default rate measures the percentage of students entering repayment in 2014 who defaulted on their loans within 3 years.

**Loan Default Rate** is the percentage of borrowers (4 year U.S. Colleges and DeVry University) entering repayment in 2014 who defaulted on their loans within 3 years. Provided by the U.S. Department of Education and can be found at: <http://www2.ed.gov/offices/OSFAP/defaultmanagement/cdr.html>. In addition, a Loan Repayment Rate for former DeVry University students as well as those who attended other institutions can be found on the College Scorecard: <https://collegescorecard.ed.gov/>.
